

Design & Technology Year 3 - Autumn Term 2024

Moving Story Books

Exploring Mechanisms in Everyday Life

We looked at how mechanisms are used in story books, toys and other everyday objects.

Pivot

Rotate

Linkage

Lever

Exploring different mechanisms

We explored how to make different levers.

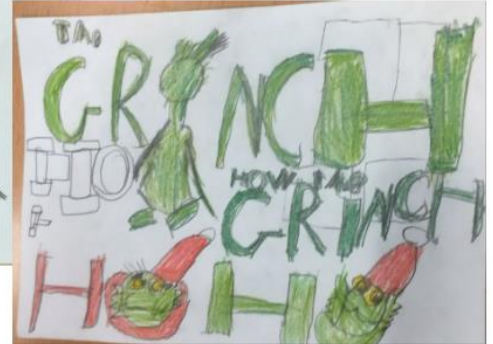

Achieve, Believe & Celebrate
"I will be the best that I can be"

Exploring Fonts

We explored how different fonts are used for story books.

Designing our Story Books

We then created our own Christmas Stories and created a plan to show how we wanted our designs to look.

Making our Story Books

We made moving story books about Christmas. We used our knowledge of levers and fonts to make story books appropriate for our target audience.
