Understanding Boundaries

Year 4 Falcons

We tested out the personal space boundaries of ourselves

and our peers.

We discussed feeling and emotions when people invade out boundaries and space. The dominoes represented those around us, including ourselves.

Next, we tested out the theory in person.

We raised our thumbs for our peer to proceed forward. Then showed them our palms when we felt our personal boundaries were being invaded.

Achieve, Believe & Celebrate "I will be the best that I can be"
