

Autumn Term Homework

Here is an exciting set of activities to help your child's learning 'stick' in their memory.

Please complete two (or more) activities from each subject before we break up for Christmas. This is not mandatory but will help your children to widen their knowledge around these subject areas and have some fun too!

Please aim to read at least 3 times per week and sign your child's planner.

Can your child's class win the reading challenge?

Subject area	Activities
Speaking, Listening and Writing	<ol style="list-style-type: none">1. Write a diary entry or letter home from a soldier during World War II.2. Write a poem for Remembrance day and rehearse it to read aloud in class.3. Investigate some songs from World War II – practise one and perform it for your teacher.
Problems, Science and Maths	<ol style="list-style-type: none">1. Draw a diagram to show the parts of the eye and explain how the eye works.2. Choose a multiplication table that you need to work on and practise it then ask a teacher to test you and reward you with class points.3. Research and write a fact-file about Nikola Tesla or Michael Faraday.
Art and Design	<ol style="list-style-type: none">1. Design a costume or set for a character or scene in a play of Treasure Island.2. Design a new front cover for a book you have studied in class or one of your favourite books from last year.3. Can you design an electrical product that would be useful to complete a household task (remote control car to bring you the remote control)?
Constructing and Creating	<ol style="list-style-type: none">1. Build a model of an air raid shelter or a spitfire plane from World War II using card or any other "junk" you might have at home2. Create a list of what an evacuee should pack –make an outline of a suitcase and show the things inside by drawing or collaging3. Create a set of instructions for a game you play in PE – include diagrams to make your instructions even clearer.
