Dear Parent/Carer

There seems to be a bit of confusion regarding the use of the lateral flow testing kits. These tests are only to be used when there are no symptoms of Covid.

If your child shows any Covid symptoms e.g. cough, temperature or loss of taste or smell, you must make an appointment to take your child for a PCR Covid test at one of the test centres, and all family members must self-isolate until the results are known. Thank you.

Mrs G Leigh
Headteacher
